

BROCHURE 2024

European urban winery

Chateau Amsterdam is the first urban winery in the Netherlands,. The Chateau was founded in 2017 by father, son, and friends, and is located in Amsterdam-Noord.

Chateau brings the craft of winemaking to the people of the city, and hopefully inspires to unwind and connect with friends and family.

The company produces 20+ wines and Piquette – a sparkling and circular product using the leftover peels from the harvest. Next to that Chateau is a shop, a tasting room, and a wine bar/restaurant.

European grapes come together in an Amsterdam-made wine

Winemaking is an ancient tradition, a beautiful world full of rules, dogmas and laws. At Chateau we do things differently: we blend unconventionally, and use a surprising mix of beton, oak and amphorae; we import over 20 different type of grapes coming from over 5 European countries. No other professional winery in Europa has this diversity at hand under supervision of our talented winemakers. Our winery has been SKAL-certified since 2023, we strive to have our whole portfolio *organic* by 2025.

We simply love making wine, love telling you about it and of course we love drinking wine.

Fathers

Top-line

These wines are made from the finest fruit from all over Europe and pay tribute to a true expression of each grape. They are the classics of the wine world, made according to age-old methods, raised with attention, love, and above all patience. But, as you can expect from us by now, we always look for an unexpected wink.

Every year we release 8 signature classics: 3 red, 3 white, a dessert wine and a methode brut (champanoise).

Sons 2nd-line

In this line we do things differently and we color outside the lines. These are wines that distinguish themselves in taste on the basis of the making process: orange wines, unconventional blends, use of amphorae and other non-traditional techniques.

Fresh wines that can surprise you; every year we release 10 of these wines: 4 white, 3 red, a rose, a pet nat and an orange.

Partnerships

Interested in a collaboration?

For KLM we have made an unique wine that is poured to you in Business Class; for Albert Heijn we have made two organic Grandsons: a sauvignon blanc from Spain and France, and a tempranillo x nero d'avola from Spain and Italy; at Social Hub, Landmarkt and STACH you can drink /buy most of our Sons, and at DGTl we dance to the music while zipping Piquette.

In a partner we are looking for an ideal brand-match which is related to: Amsterdam vs a European or international context, wine or food craftsmanship, or the celebration of life (dancing, fashion, art, etc).
